Asphalt Thickness Design Equations Issue

No report was available.

2010 MGPEC Task Forces

Roadway Rehabilitation – Jamie Johnson – The group continues to work through the specifications.

Life-Cycle Cost Analysis – Tom Clayton has set a meeting date in October and will distribute the information to task force members.

Subgrade Preparation – Scott Dunn sent an update. The next meeting will be held October 7, 2010 at the CDOT office located at 4670 Holly Street, Denver, Colorado at 1:30pm. There will be a presentation to the committee on the "Design of High Strength Geotextiles". This is in preparation to finalize the specification for Section 5.3 – High Strength Geotextiles. The specification for this has been written and reviewed. The group will be discussing design methodologies. They also anticipate a presentation from W Transportation Institute on the Montana study of biaxial geogrids. They have also reviewed the filter fabric specification (Section 8) and made some revisions. These will be evaluated for approval as well.

Open Discussion

The group decided to place MGPEC on the list at www.donthurtcolorado.com website opposing Propositions 61,100,101.

Adjournment

Chairman Pat Kennedy adjourned the meeting at 2:30 p.m.
